Handwriting Without Tears, Inc. (Annual 2004)	Letras Y Números Para Mí (Spanish Version of Letters and Numbers for Me)	Jan Z. Olsen	2002	K		R
	Key Features: This student workbook is the Spanish version of <i>Letters and Numbers For Me</i> . Students learn to write capital letters, lowercase letters, numbers, words and simple sentences in this student workbook. This instruction incorporates the skills and habits that the students mastered with the manipulative accessories (Wood Pieces Set for Capital Letters, Mat for Wood Pieces, Laminated Capital Letter Cards and the Slate Chalkboard) into paper and pencil activities. The teaching sequence is developmentally based. The method and order in which letters and numbers are taught ensures correct and consistent habits. Students will not encounter problems with reversals, size or spacing. Simple words and sentences are presented throughout the book to help children master correct print habits for formation, size and spacing. The consistent format features large, step-by-step illustrations with child-friendly instructions. The pages have black-and-white illustrations suitable for coloring. These illustrations promote left-to-right directionality for reading and writing. These features are particularly helpful to children who are learning English as a second language.					
	Mi Libro de Escribir Imprenta (Spanish Version of My Printing Book)	Jan Z. Olsen	2003	1		R
	Key Features: This student workbook is the Spanish version of <i>My Printing Book</i> . This student workbook focuses on printing lowercase letters correctly and using them in words and sentences. Capital letters are reviewed at the beginning of the workbook and number lessons are included at the end of the book. Each new letter is immediately used with previously learned letters to provide continual review. There is no repetitive copying. There is a model for each letter, word or sentence for the student to copy. Simple double lines end line confusion and make it easy for children to place letters correctly. The consistent format features large, step-by-step illustrations with child-friendly instructions. These illustrations promote left-to-right directionality for reading and writing. The pages have black-and-white illustrations suitable for coloring. These features are particularly helpful to children who are learning English as a second language.

Handwriting Without Tears, Inc. (Annual 2004)	El Poder De La Imprenta (Spanish Version of Printing Power)	Jan Z. Olsen	2001	2		R
	Key Features: This student workbook is the Spanish version of <i>Printing Power</i> . In <i>El Poder De La Imprenta</i> , students master printing. Smaller printing and longer grade-appropriate words and sentences are used as students progress through the workbook. Printing on narrower double lines prepares children for writing on notebook paper. The consistent page format features large, step-by-step illustrations with child friendly instructions. These directions teach all learning styles using visual, auditory and kinesthetic techniques. These features are particularly helpful to children who are learning English as a second language. Word game activities throughout the workbook are designed to build printing fluency, while enhancing language arts skills. The transition from printing to cursive is easy for students. For example, the print letters, c, a, d, g, h and t are similar to their cursive counterparts. Also, the same vertical style that is used in printing is continued in cursive.					
	Escribiendo Cursiva (Spanish Version of Cursive Handwriting)	Jan Z. Olsen	2001	3		R
	Key Features: This third grade student workbook is the Spanish version of <i>Cursive Handwriting</i> . <i>Escribiendo Cursiva</i> introduces third grade students to cursive handwriting using a clean, clear vertical style. This student workbook features simple and effective techniques for connecting letters that make the transition from printing to cursive easy and fun for all students. Letters are introduced in an order that is developmentally based. Letters that are similar to their print counterparts and those that use the most basic connections are learned first. Capitals are taught last after students have achieved fluency with lowercase letters and connections. Once a letter is learned, it is put into immediate and meaningful use. After each letter group, students develop fluency and skill using the unique "Review and Mastery" sections. The format used in the printing workbooks also continues in the cursive curriculum. Large, step-by-step instructions teach proper letter formation. The language is appealing and easy to understand. Extra space between letters and words ensures that children have adequate space for writing practice. Plain, white pages with no background material prevent students from being confused or distracted. These features are particularly helpful to children who are learning English as a second language.					
	Éxito con Cursiva (Spanish Version of Cursive Success)	Jan Z. Olsen	2001	4		R
	Key Features: This fourth grade student workbook is the Spanish translation of <i>Cursive Success</i> . <i>Éxito con Cursiva</i> continues the development of cursive begun in <i>Escribiendo Cursiva</i> . The workbook teaches letter formation and connections, but the focus of the book is on developing ease in writing smaller-sized letters. The similar format features the introduction of letters in a developmentally appropriate learning sequence. Directions are easy to read and understand and the illustrations are appealing to children. These features are particularly helpful to children who are learning English as a second language. Special "Review and Mastery" sections are designed to promote fluency so that children can write quickly and automatically. Narrow double lines ensure proper placement while making the students' transition to single-lined notebook paper easy and comfortable. Writing practice includes examples of correct sentence and paragraph structure and other forms of proper writing technique that reinforce classroom instruction in the language arts.

HOSTS Learning (Annual 2004)	HOSTSLink Spanish Readiness (Software Included)	HOSTS Learning	2002-2003	PreK -1		
	Key Features: Spanish reading readiness assessment and database for grades preK-1. Spanish language reading readiness instructional, and mentoring materials. Students participate 30 minutes a day, four days a week; one teacher is assigned to administer the program. Instruction is delivered 1:1 or in small groups using trained mentors following lessons designed by the HOSTSLink teacher. Spanish-speaking mentoring sessions are monitored by the HOSTSLink teacher. Assessment and instructional materials are developmentally appropriate. Each session balances language development, literature activities, writing (shapes and letters), and objective reinforcement. Individual objectives are identified for each student using a diagnostic assessment in eight areas appropriate for preK-1. A continuous progress model ensures that students attain and regularly move on to new objectives. Spanish-speaking mentors are recruited from the school, community, and business partners using the HOSTSLink Mentoring Resource kit and strategies. HOSTSLink software tracks student progress, generates reports, and aligns instruction to standards. Onsite training and ongoing support are provided; also includes opportunities for ongoing professional development. Achievement gains are guaranteed. Annual license					
	HOSTSLink ELD (Software Included)	HOSTS Learning	2004	PreK - Adult		
	Key Features: Annual license English Language Development program appropriate for grades K-12 when used with a HOSTSLink mentoring program in reading or math. Oral language assessment. ELL JumpStart lesson plans to extend HOSTSLink one-to-one mentoring model. Mentor prompts to guide one-to-one sessions according to level of language acquisition. Instructional resources. Staff development presentation					
	HOSTSLink Spanish Language Arts (Software Included)	HOSTS Learning	2002-2003	1 - Adult		
Key Features: Spanish reading assessment; Spanish reading, language arts, and study skills database for grades K-4. Dual language instructional materials. Instructional and mentoring materials in English and Spanish. Students participate 30 minutes a day, four days a week; one teacher is assigned to administer the program. Instruction is delivered 1:1 using trained Spanish-speaking mentors following lessons designed by the HOSTSLink teacher. Mentoring sessions are monitored by the HOSTSLink teacher. Students work at their instructional level. Sessions support phonemic awareness, phonics, vocabulary, comprehension, and fluency based on individual needs of students. Each session balances reading, literature activities, vocabulary, writing, and objective reinforcement. Individual objectives are identified for each student using a diagnostic assessment in word analysis, vocabulary, and comprehension. A continuous progress model ensures that students attain and regularly move on to new objectives. Spanish-speaking mentors are recruited from the school, community, and business partners using the HOSTSLink Mentoring Resource kit and strategies. Mill Park Publishing (Annual 2004)	The Magic Potato – La Papa Mágica. Story and coloring book in English and Spanish.	Elaine Ambrose Romano	March 2004	3 - 4		
	Key Features: This unique Idaho story and coloring book features text in English and Spanish. The book is designed to be read aloud by a teacher who if proficient in both languages. The book includes a table of key words in both languages. The book includes original artwork for students to color and discuss. This fun, educational resource encourages ESL students to gain and maintain grade level reading proficiency. The interactive quality allows young students to learn in a creative process. As they color the grass green, English-speaking students learn the words in Spanish. The reverse is true for Spanish-speaking students. The low cost of the book allows students to take it home for use with family members who may want to improve their skills in English and/or Spanish. This is a uniquely Idaho product. The author is a third-generation Idahoan. The book was written, illustrated, published and printed in Idaho. The story tells about the adventures of children who ride around Idaho on a magic, flying potato. The book includes two languages, creative coloring and Idaho geography.					
Pearson Education/ Digital Learning (Annual 2003)	Waterford Early Reading Program	Waterford Institute	1999	Emergent through Fluent		
	Key Features: Research based early intervention program that ensures all children gain and maintain grade level reading proficiency from the outset, regardless of primary language or beginning level of literacy. Daily individualized instruction, best teaching practices, outgoing staff development, on going assessment, school to home link and parent education. Teachers determine the specific needs of each child across a continuum of essential emergent, beginning and fluent reading skills using diagnostic instruction.					
Pearson Educ Inc. / Scott Foresman (Annual 2004)	Scott Foresman ESL, Sunshine Edition	Chamot, et al	2001	K (K-5)		
	Key Features: Content-based program organized by grade level that accelerates English Language Learning. The authors of this program are highly acclaimed experts in the field of ESL. Academic language is made accessible through explicit learning strategies. The CALLA approach accelerates language learning and prepares students for the type of language and content they will face in the mainstream classroom. The Teacher’s Guide gives clear, step-by-step lesson plans to help you get the most out of the program and to cut down on preparation time.
